What makes Demara unique is her ability to intuitively see through blocks that stop people from achieving what they want then steering them in the direction they do want. Demara uses a variety of creative solutions, specific tools to work with, and proven principles they can experiment with to achieve those results.

AV REQUIREMENTS

Demara takes her commitment to your group quite seriously. She understands that you have invested a great deal of time, money and energy into your event, and would like to offer you some suggestions to make sure you receive the maximum return possible on your investment by receiving the best presentation possible.

Mics & Tables

- Demara prefers a behind the ear mic when possible. Please make sure that the AV department has a back-up microphone available at all times. Our suggestion would be to have someone from your group assigned to the microphone system should any adjustments be needed for volume, bass, feedback, etc.
- Demara uses PowerPoint during her presentation. She will need a projector within range of her remote control for changing slides.
- Please have water available for Demara
- Audio and/or video taping is available with PRIOR WRITTEN AUTHORIZATION. This includes any modification to the presentation. If the presentation is edited or cut in any way for public use, Demara must approve it before release.
- Please have a table available for Demara's products and someone available to assist her during the day of her presentation.

Successful Meeting Tips

- Theater or classroom seating is preferable. We understand that when planning on or around a meal, this is not possible.
- If the event is in a hotel, for the benefit of your audience, and Demara, please request from the hotel or auditorium management that the meeting room have no distracting noise from an adjoining room, such as a singing group, rock band, etc. during the time Demara is presenting her keynote or seminar.
- It is difficult to build intimacy and rapport if your audience is still eating. Please instruct the banquet staff to clear up AFTER the speaker's presentation.
- When a photographer is present, please ask them to refrain from taking photos the first 15 minutes of the program. This can be distracting to the speaker and audience.
- Please make sure the room is well lit especially the staging area. People remember more and laugh more in bright rooms. Demara prefers to see the faces of the audience. This allows her to see how they are responding to her presentation.
